MISSION AND VISION OF OUR COMPANY

Our mission

We understand the importance of time and health for our customers. Our mission is therefore taking care of their health at the time when it is most necessary. A healthy body is the condition for well-being in all areas of life! We are furthermore aiming at strengthening economic ties between the East and the West.

Our vision

By 2020, the group of Compass companies is going to be a significant and successful player in the field of consulting business in Central Europe.
